AUDITORS' REPORT

We have examined the books and other financial records of the School Board and Treasurer of the School District of Orford, of which this is a true summary for the fiscal year ending June 30, 1929, and believe them to be correctly vouched and cast.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens of Orford:

I am pleased to present my third annual report as superintendent of the schools of Orford.

The Year 1928-1929

Total enrollment, 156.
Schools in session, 176 days.
Percent of attendance, 93.23.
Cases of tardiness, 322.
Visits by members of the Board, 20.
Visits by superintendent, 283.
Visits by school nurse, 55.
Visits by citizens and others, 369.
Cost per pupil in elementary schools, \$79.98.

The Present Year, 1929-1930

School	Enroll- ment	Teacher	Residence
Village Gram.	27	Kathleen M. Huntoon,	Littleton.
Village Prim.	40	Helen Coburn,	Lyme.
Orfordville	26	Mrs. Rena Morris,	Haverhill.
Mt. Cube	11	Edith I. Stuart,	Gorham.
East Orford	9	Kathleen M. Keith,	North Haverhill.
Orford H. S.	46	Gladys M. Twitchell,	Orford.
Total		159	

The figures in the above tables largely explain themselves. It is, however, of special interest to note that there was an increase in attendance of 1.69 percent over that of the previous year. It is also interesting to note that the cost, \$79.98 per pupil in the elementary schools, is less than that of half the schools in the State.

Since last year a number of repairs and improvements have been made. The buildings at Orfordville and East Orford have been painted on the outside, and the one at Mt. Cube on the inside. New and better light fixtures have been installed in the main room of the high school, and double roll shades in the grade rooms at the Street. Through the efforts of the pupils, teachers, Par-

ent Teacher Association, and other interested friends two new pianos have been procured for the high school and the grammar room. In addition to their help with the pianos the P. T. A. have given the village school a very attractive set of supplementary readers and a slide for the playground.

There are still a few more things that we would like to see done. The high school and East Orford rooms are quite in need of painting, while Mt. Cube should have a more adequate type of heater.

Comfortable, well equipped, and attractive buildings are a great help to any school system, but of far greater importance is the knowledge, and acquisition of habits and ideals which the children receive from their schools. I feel that in the matter of health supervision by the school nurse; and in the many activities of the classroom under the guidance of trained and experienced teachers, the children are especially fortunate this year. As illustrations of what I mean I would mention good order, an improvement in work, and a marked change in cleanliness.

In addition to this report I take pleasure in presenting the following from Miss Twitchell, the headmaster of the high school.

Respectfully submitted,

EDWARD A. JANES, Supt. of Schools.

Supt. E. A. Janes:

I am herewith submitting my report of Orford High School. The high school opened in the fall with an enrollment of 46, 6 Seniors, 12 Juniors, 13 Sophomores, 15 Freshmen. Of that number 23 are from Orford, 14 from Fairlee, 6 from Lyme, 1 from Piermont, 1 from Ely, 1 from East Orange, Vt., 1 from So. Vershire, Vt., and 1 from Washington, Vt.

Three have left school and one new one has been admitted.

Three courses of study are offered—College Preparatory, English, and Commerce. At the present time the majority of the school are enrolled in the Commercial course.

Eight were graduated from the school last June. Of that number two are in the University of New Hampshire, one in Plymouth Normal School, and one attended Concord Business College until ill health compelled her to leave for a time at least.

Each year a play or some other form of entertainment is given to raise money for different purposes. On January 24th a minstrel show was given, from which about \$60 was cleared.

The system of cadet teachers from Plymouth Normal School has proved to be very successful. The teachers are very much interested in their work and they put their best efforts into the school. Even the change of teachers at the end of 18 weeks does not present as much difficulty as one would expect.

New reference books and equipment are being added each year, in fact Dr. Silver is very generous in providing for the needs of the school.

Respectfully submitted,

GLADYS P. TWITCHELL,

Headmaster.
